Delivering Excellence Every Day

What is the Corporate Discount Program (CDP)?

Miami-Dade Transit's Corporate Discount Program (CDP) allows participants to save on commuting costs through group discounts and pre-tax savings by obtaining monthly public transportation through a tax deduction from their employer under IRS Code 132(f).

The CDP provides 1-Month transit passes on EASY Cards, good for a month of unlimited rides on Metrobus and Metrorail (Metromover is free to everyone). The EASY Card is automatically reloaded every month with a 1-Month pass as long as the employee remains enrolled in the program. Participants who take Metrorail can save even more by also purchasing their \$10 monthly Metrorail parking permit with pre-tax dollars.

Three Ways to Participate

- 1 The employee pays for the entire cost of monthly transit with pre-tax/set-aside dollars of their salary.**

Tax Benefits

- There is no income tax on these set-aside dollars because obtaining public transportation through the CDP is considered a job benefit, so employees end up paying less income tax.

- 2 The employer pays for the entire cost of monthly transit through a tax-deductible subsidy.**

Tax Benefits

- The employer receives an equivalent federal income tax deduction.
- Employees do not have to report this as taxable income because it is considered a fringe benefit.

- 3 The employer and employee share the cost of monthly transit, both paying for it with pre-tax dollars.**

Tax Benefits

- The employer saves on payroll taxes.
- The employee doesn't pay income tax on the set-aside dollar amount.

Who's Eligible?

- Public and Private Companies
- Government Agencies
- Non-Profit Organizations

Group Discounts

The regular price of a 1-Month pass on an EASY Card is \$100 per month. But through the Corporate Discount Program, groups of four to 99 employees are eligible to purchase passes for \$90. Groups of 100 or more pay only \$85 per monthly pass.
